

Weill Cornell Medicine

Neurological Surgery

Welcome to the 9th NYC Minimally Invasive Spine and Navigation Course: Case-based and Hands-on

THURSDAY:

The welcome lunch will be served in the Griffis Faculty Club in the main Weill Cornell Medical College Building at 1300 York Avenue. Please check in at the registration table in the lobby to sign in and get your badge. Proceed past the security desk, turn right at the end of the hall, then turn left at the small sign for the Griffis Faculty Club.

The afternoon's lectures take place on the **third** floor of the Belfer Research Building at 413 East 69th Street. Exit the college on York Avenue, then walk down 69th Street to Belfer. Be sure to have your course badge visible for entry. Use the elevator to the third floor to reach the classroom.

FRIDAY:

Breakfast and sign-in will be outside the classroom on the **second** floor of the Belfer Research Building. Be sure to have your course badge visible for entry. Lunch will be in the Griffis Faculty Club at 1300 York Avenue. Both coffee breaks will be right outside the classroom in Belfer, second floor.

SATURDAY:

Registration and breakfast will be held in the Griffis Faculty Club. Be sure to have your badge visible for entry.

To reach the Anatomy Lab for the day's hands-on sessions, proceed back down the hall as if you were exiting the building, but don't turn left toward the main entry. Proceed a few steps past the staircase to the elevator on your right, then go down to the Basement level. As you exit the elevator, turn right toward the Anatomy Lab. Saturday's lunch will be served in the Griffis Faculty Club.
